before the term science fiction was adopted in the 1920s there were scientific romances tales of amazing journeys beyond the limits of the known world Jules Verne's imaginative novels of the mid nineteenth century met with international success whetting the public's appetite for fantastic fiction rooted in actual fact a craving that H.G. Wells satisfied with his visionary stories this compilation presents more than two dozen early tales by Verne's and Wells's immediate predecessors contemporaries and descendants focusing on the middle period when the genre was at its most enterprising and exuberant originally published between 1835 and 1924 the stories offer early interpretations of the futuristic societies rogue stars rebellious machines and other now familiar themes of speculative fiction featured authors include Edgar Allan Poe Nathaniel Hawthorne Ambrose Bierce H.G. Wells Jack London and Sir Arthur Conan Doyle as well as lesser known writers Brian Stableford a legendary science fiction author and editor selected the stories for which he provides an informative introduction and brief biographies for each author

an early novel from science fiction legend Kim Stanley Robinson *The Memory of Whiteness* is now available for the first time in decades in 3229 AD human civilization is scattered among the planets moons and asteroids of the solar system billions of lives depend on the technology derived from the breakthroughs of the greatest physicist of the age Arthur Holywelkin but in the last years of his life Holywelkin devoted himself to building a strange beautiful and complex musical instrument that he called the orchestra Johannes Wright has earned the honor of becoming the ninth master of Holywelkin's orchestra follow him on his grand tour of the solar system as he journeys down the gravity well toward the sun impelled by a destiny he can scarcely understand and pursued by mysterious foes who will tell him anything except the reason for their enmity

in *Einstein in Love* Dennis Overbye has written the first profile of the great scientist to focus exclusively on his early adulthood when his major discoveries were made it reveals Einstein to be very much a young man of his time draft dodger self-styled bohemian poet violinist and cocky charismatic genius who left personal and professional chaos in his wake drawing upon hundreds of unpublished letters

and a decade of research Einstein in Love is a penetrating portrait of the modern era's most influential thinker

It is 1999 in London David Lambert, jilted lover and reluctant museum curator, is about to discover the startling news of the return of H.G. Wells' time machine to London. Motivated by a host of unanswered questions and innate curiosity, he propels himself deep into the next millennium.

The Edwardian period was a time of great social and political change. The six texts in this edition are all notable for their imaginative portrayals of the future. This is the only critical edition of these works. Essays and introductory matter explore the themes in the novels as well as the literary/historical context they appeared in.

Books Let's Face It Are Better Than Anything Else: Nick Hornby turns the pages of the literature book to discover over 100 of the world's most enthralling reads and the literary geniuses behind them. Storytelling is as old as humanity itself. Part of the Big Ideas Simply Explained series, the literature book introduces you to ancient classics from the epic of Gilgamesh, written 4,000 years ago, as well as the works of Shakespeare, Voltaire, Tolstoy, and more, and 20th-century masterpieces including *Catch 22*, *Beloved*, and *On the Road*. The perfect reference for your bookshelf, it answers myriad questions such as: What is stream of consciousness? Who wrote *To Kill a Mockingbird*? And what links the poetry of Wordsworth with that of T.S. Eliot? *Losing Yourself in a Great Book* transports you to another time and place, and the literature book sets each title in its social and political context. It helps you appreciate, for example, how Dickens' *Bleak House* paints a picture of deprivation in 19th-century England, or how Stalin's climb to power was the backdrop for George Orwell's *1984*. With succinct plot summaries, graphics, and inspiring quotations, this is a must-have reference for literature students and the perfect gift for book lovers everywhere. Series Overview: Big Ideas Simply Explained series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand.
